Mobile : +91-9793132220, +91-9005093053

Dear Friends,

It gives us immense pleasure to invite you to Annual Conference of ASAMI INDIA
"ASAMICON 2017".

We have invited eminent international & national faculties to deliver illuminating lectures. We are fortunate to have world famous dignitaries who will light your way towards the perfection of Ilizarov technique during this event.

It is not only a conference, but also a workshop where there will be an open discussion with the faculty on every issue. What are the Ilizarov components, how to make Ilizarov frame, how to plan, how to operate are what you will learn from this workshop.

The aim of this workshop is that after attending this workshop, candidates will be able to independently treat common pathologies by Ilizarov technique like Compound Fracture Tibia, Infected Nonunion Femur, Limb Lengthening and Bone Defects, High Tibial Osteotomy for Genu Varus, Cubitus Varus, Neglected Clubfoot, Spine pathologies etc.

This workshop will be simple, practical & highly effective. This workshop will be very helpful for the Beginners as well as the Experienced Surgeons. This workshop will be an opportunity for Post Graduates, General Orthopaedic Surgeons, Ilizarov Surgeons and Spine Surgeons to learn the basics and the latest techniques of Ilizarov.

We will appreciate and accept your free papers that will be included during the main session so that you are assured of a large audience.

Organizing Chairman

Prof H R Jhunjhunwala
Past President ASAMI International
Past President, IOA
